Right.  
In the Mix.

Often imitated, but never replicated, TH Foods is the leading manufacturer of bulk snack mix components. In fact, we are the leading producer of sesame sticks in North America. Collaborating with us, our customers get new ideas, innovative flavor combinations and consistent results for their new and custom products. They get us - right in the mix.

Maybe it's a thin Hot Cajun Corn Stick, a sweet and crunchy Honey Roast Stick with a touch of pineapple and habanero. It could be a wide Ancient Grain Stick with a hint of blueberry. Jalapeño Cheddar Sesame Stick or Salted Corn Chips with Flax. Whatever it is, that new taste we create together could be what puts your mix in the grocery cart.

Plus, the majority of our snack mix components contain no preservatives or additives.

### Custom Solutions & Innovation – Our R&D is Your R&D

We are a leader in designing new tastes and textures that will not only enhance your mix, but really help it stand out.

Our proprietary technology enables us to make great tasting sesame, corn and specialty snacks. In fact, we make over 40 different varieties in a broad range of shapes, sizes and delectable flavors.

It's all the result of our targeted research, product development within our pilot plant and proprietary manufacturing processes. Our dedicated team of food scientists and R&D staff discovers new consumer trends. They use that intelligence and their snack mix expertise to create innovative, delicious components that taste – oh, so good.

Innovation Lab

Quality Lab

### Food Quality & Safety

Food quality and safety is our top priority. It starts with our critical selection of strategic partners to source only the finest raw ingredients. And, it continues throughout our process with ongoing employee training, frequent internal and 3rd party audits and maintaining the highest quality certifications.

- SQF Level 3 certified
- GMP program
- Full HACCP plan
- Certified organic by USDA
- Certified kosher
- Peanut-free facility

**The Taste. The Texture. The CRUNCH.**  
**It's What Keeps Customers Coming Back For More!**

**Sesame**

**Wide or Narrow Sticks, Chips & Bits**

As the leading manufacturer of high quality sesame sticks in North America, we offer a wide variety of shapes, sizes and flavors. Made with real toasted sesame seeds, customers love our signature flavor and crunch.

**Honey Roast**

**Wide or Narrow Sticks & Chips**

Our honey roasted items start with our quality sesame base and then we add a sweet honey tack to create a flavorful crunch. Our honey roast coating keeps the sesame stick from absorbing moisture so it can be used in mixes that contain other higher moisture components like dried fruit.

**Corn**

**Sticks, Chips, Bites, Jacks & Churritos**

From our best-selling Cajun sticks to our completely on-trend corn chips with flax - there are endless varieties of our corn-based snack mix components to choose from. And, several of our items can be gluten-free.

**Specialty**

**Sticks, Bits, Minis & Chips**

Our specialty bulk items are packed full of value-added offerings:

- Custom formulations
- Ancient grains
- Vegetable-based
- Gluten-free
- Organic
- Non-GMO

### On Top of Everything Else

Our snack mix components are great on their own, but they can add that extra something to a variety of applications, too.

Sweeten a nutritious trail mix with our honey roast sticks. Top off a garden fresh salad with an extra crunch. Turn yogurt into a snack sensation with our new ancient grain blueberry streusel sticks. The possibilities are endless.

The Best Ingredients Make the Best Mix-ins.
